Beauty

ADD MORE
FINESSE TO YOUR
SPACES

The background features a dark grey field with intricate, light grey wavy lines that resemble wood grain or topographical contours. On the left side, there are two large, dark grey rectangular blocks. The upper block is partially obscured by the Navair logo. The lower block has three small circles (two dark grey, one dark brown) aligned vertically on its left edge and a thin horizontal line extending from its left edge. A thin yellow circle is positioned at the bottom left of the lower block.

Disclaimer

The Products are tested to be reasonably free of defects, and when used and fabricated properly they will comply with the applicable manufacturing specifications within realistic deviations. We recommend customers to inspect products properly before installing. Product's warranty in no way covers defects and non-compliance from or otherwise attributable to any other causes, including, without limitation the following:

- Improper handling / transportation / storage
- Improper installation
- Improper or unintended usage
- Lack of or improper maintenance
- Exposure to high temperatures
- Unauthorized alteration to the products
- Outdoor applications
- Do not use plywood with high moisture content
- Do not use ply with uneven surface
- Avoid using inferior quality adhesive
- Apply sufficient pressure
- There will be no guarantee or exchange under any circumstances
- Color variations in products from different batches are possible
- We recommend using products from same batch to avoid color variations

UV Stability / Weather Resistance

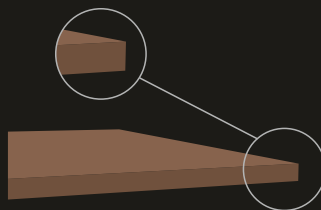

This product is free from UV stabilizers, highlighting its environmental benefits. It supports effortless coloring while ensuring consistent mechanical properties across diverse use. The elastomer maintains its performance even at low temperatures, effectively addressing the drawbacks of conventional plastic materials.

Chemical Resistance

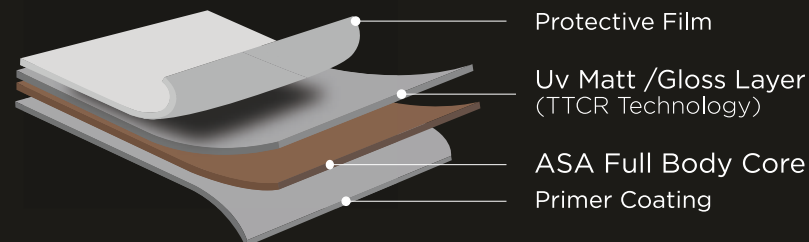

This material boasts excellent resistance to solvents, making it ideal for a variety of applications.
