	- In enclosed Carbon arc light	Not worse than 5	✓
	Resistance to cigarette burns	Not worse than 3	✓
	Resistance to steam	Not worse than 4	✓
	Appearance	Should be free from foreign particles	✓

Grades : General and fire retardant (FR)	SPECTRA Highlight : • Design from genuine imported base paper • Manufactured using best quality kraft paper. • Use of best chemical raw materials for better flexibility & durability.
Types : Standard, post forming, compact, cabinet liners, backer	
Size : 2440 mm x 1220 mm (8"x4")	
Care & maintenance : Cleaning should be carried out with a soft moist cloth and warm soap solution. Do not use detergents containing abrasive particle or excess soda.	Disclaimer : Customers are advised to reconfirm selected laminate when placing orders as our liability does not include claims arising from sample chip pasting error. Sample presented are indicative of colour, pattern and surface finish but not of actual thicknesses. All metallic patterns series recommended for vertical application only.
Limited Warranty : SPECTRA warrants that its products are reasonable free from manufacturing defects. The products when properly used, will comply with normal deviation, to related manufacturing specifications. This warranty shall be limited only to the original buyer for a period of care.. improper use and / or any alteration. It is recommended that the products must be inspected prior to installation and our liability will be limited to the extent of the cost of the products only. SPECTRA is used for various applications, without the possibility of control over the manufacturing of the finished products. The Company does not assume obligations or liabilities arising from the furnishing, sale, installation or repair, use or subsequent sale of any product, to any person or entity.	

Extra care required in vertical pasting of laminates sheet as there is possibility of bubbles due to lack of uniform pressure.

Cracking at corners and around cuts may be caused by improper conditioning, improper bonding and poor planning. Avoid all these to prevent cracking at corners.
