DISCLAIMER

Our Products are tested to be reasonably free of defects, and when used and fabricated properly they will comply with the applicable manufacturing specifications within realistic deviations. We recommend customers to inspect products properly before installing. Product's warranty in no way covers defects and non-compliance from or otherwise attributable to any other causes, including, without limitation the following:

- Improper handling/transportation /storage
- Improper installation
- Improper or unintended usage
- Lack of or improper maintenance
- Exposure to high temperatures
- Unauthorized alteration to the products
- Outdoor applications
- Do not use plywood with high moisture content
- Do not use ply with uneven surface
- Avoid using inferior quality adhesive
- Apply sufficient pressure
- There will be no guarantee or exchange under any circumstances
- Color variations in products from different batches are possible
- We recommend using products from same batch to avoid color variations

SPECIFICATION

Thickness: 1 MM (+/-10%) (Same as sample used in brochure)
Size: 3050mm X 1220mm X 1mm (10FT X 4FT)

UV Stability/Weather Resistance
This product is free from UV stabilizers, highlighting its environmental benefits. It supports effortless coloring while ensuring consistent mechanical properties across diverse use. The elastomer maintains its performance even at low temperatures, effectively addressing the drawbacks of conventional plastic materials.

Chemical Resistance
This material boasts excellent resistance to solvents, making it ideal for a variety of applications.

Full Body Core
(Single color material all over)

- There will be no guarantee or exchange under any circumstances
- Color variations in products from different batches are possible
- We recommend using products from same batch to avoid color variations
