Classy and sassy, if that is your
choice, these planks with golden
lines in different colors are a feel.

A black and white photograph of a woman standing in a long, curved tunnel. The tunnel is formed by a series of concentric, curved walls that create a strong sense of perspective and depth. The floor is highly reflective, mirroring the woman and the curves of the tunnel. The woman is standing on the right side of the frame, looking towards the end of the tunnel. She is wearing a patterned dress and a hat. The overall mood is one of architectural wonder and exploration.

Installation & Technical Guidelines:

DO'S

- Before installation, ensure the surface is prepared using plywood or MDF. Remove any existing wallpaper or film. Ensure dipped plywood/lipping patti meets interior quality standards. If defects like uneven coating or discoloration are found, sand the **affected area to remove the faulty layer**.
इंमाल से पहले - ईवुड या MDF का उपयोग करके सतह को तैयार करें। मौजूदा वॉलपेपर या फ़िल्म को हटा दें। सुनिश्चित करें कि डिड ईवुड/लिपिंग पट्टी आंतरिक गुणवत्ता मानकों का पालन करती हो। यदि डिड रंग परत में असमान कोटिंग या रंग में बदलाव हो, तो खराब परत को सैंडपेपर से हटाएं।
- Apply a high-quality adhesive to the back of the louvers. For strong bonding, a small amount of hot glue is recommended.
लूव्स के पीछे उच्च गुणवत्ता वाला एडहेसिव लगाएं। मजबूत पकड़ के लिए थोड़ा हॉट ग्लू का प्रयोग करें।
- Louvers can be installed horizontally or vertically. For extra stability, secure them by hammering nails into interlocking edges or grooves.
लूव्स को हॉरिजॉन्टल या वर्टिकल तरीके से लगाया जा सकता है। अतिरिक्त मजबूती के लिए, इंटरलॉकिंग किनारों या गูस में कील ठोककर थर करें।
- Louvers are designed strictly for indoor use.
लूव्स केवल इनडोर उपयोग के लिए बनाए गए हैं।
- Use a circular saw to cut the louvers to the desired size. Ensure the blade is sharp, undamaged, and free of cracks, bends, or missing teeth.
लूव्स को मनचाहे आकार में काटने के लिए सर्कुलर सॉ का उपयोग करें। डटेज, बिना नुकसान के और सही हो।
- Clean only with a soft cloth.
सफाई केवल मुलायम कपड़े से करें।

DON'TS

- Avoid the use of any chemicals or cleaning detergents.
किसी भी केमिकल या डिटेजेंट का उपयोग न करें।
- Louvers are waterproof, but prolonged exposure to moisture can damage the product.
लूव्स वाटरप्रूफ हैं, लेकिन लंबा समय तक नमी में रहने से नुकसान हो सकता है।
- Do not install them in areas exposed to direct sunlight or near heat sources such as stoves or hobs.
इन्हें सीधी धूप या गमी के स्रोत जैसे ओवन या हॉब के पास न लगाएं।

Note:

- Navkar ensures all its products are free from manufacturing defects and are suitable for use in standard indoor environments. In case of a manufacturing defect, Navkar is liable only for the product cost.
- Beware of counterfeit products. To ensure authenticity, look for the official Navkar sticker or Navkar-branded box before purchase.
- Product dimensions may vary by up to $\pm 5\%$. Please note that slight color differences may exist between the actual product and the images shown in the brochure/e-catalogue.

Warranty Exclusions:

- Navkar will not be held liable for complaints arising from:
- Color variations due to batch differences
 - Damage during handling or transit
 - Incorrect installation procedures
 - Outdoor usage
 - Direct sunlight exposure
