NATURE

Designing Tomorrow from nature's soul

navabir
ELEMENTS

www.nelsonlamine.com

Natural Essence Crafted to Endure

Our design concept revolves around harmonizing nature, texture, and form. Each laminate collection is inspired by natural elements — wood grains, stone veins, earthy tones but reimagined for modern living. We combine state-of-the-art technology (for durability, safety, and finish) with artisan design sensibilities to create surfaces that not only look beautiful, but feel meaningful. Be it kitchens, wardrobes, or feature walls — every piece tells a story.

Responsible Sourcing

About Company

NAV KAR Laminate is brought to you by NAV KAR Laminate Pvt. Ltd. Gujarat, a region synonymous with tile and surface innovation in India. Fusing craftsmanship with modern manufacturing, we have redefined what decorative laminates can be. Since our inception, our mission has been simple: to bring nature's essence into every surface through sustainable materials, meticulous quality checks, and styles that both inspire and endure.
